PROFILE

BTech student with practical experience in data analytics and machine learning, with skills in SQL, Excel, Power BI, and Python. Experienced in building professional dashboards, analyzing customer shopping behaviour using SQL, Python, and Power BI, and developing and training machine learning models on provided datasets. Also experienced in developing web applications using Flask, Python, HTML, and CSS. Seeking an entry-level opportunity in Data Analytics or Data Science to apply analytical and technical skills to real-world problems.

SKILLS

- Python (Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn)
- SQL
- Power BI
- Excel
- Machine Learning
- HTML, CSS, JavaScript
- Flask

PROJECTS

Customer Dashboard – Power BI

- Developed a professional interactive customer dashboard in Power BI to present key customer insights using visualizations, KPIs, and dashboard-based analysis.

Customer Shopping Behaviour Analysis – SQL, Python & Power BI

- Analyzed customer shopping behaviour data using SQL and Python, performed data analysis and generated interactive Power BI visualizations to identify customer patterns and insights.

Instagram Fake Profile Detection – Machine Learning

- Developed and trained a machine learning model using a provided dataset to classify Instagram profiles as fake or real. The project works on the given dataset and uses profile-related features for prediction.

Campus Lost & Found – Flask, Python, HTML & CSS

- Developed a web-based Campus Lost & Found application using Flask and Python with HTML and CSS for the user interface, enabling users to manage and view lost and found items.

EDUCATION

BTech – Sanjay Bhokare Group Of Institute

University – Dr. Babasaheb Ambedkar Technological University (DBATU) | Graduation Year: 2027 | CGPA: 7.3

CERTIFICATES & ACTIVITIES

- Participant – SMARTCOPS Hackathon (2025)
- Volunteer – Avishkar Research Convention, SBGI College (2025)
- Data Science – Skilleected (Ongoing)
